WHEN DEATH AND DYING IS INTERRUPTED

DYING: Using the technologies to <NEW> help keep our bodies alive. Theoretically most organs can be kept alive by machines indefinitely. But this unprecedented shift in end-of-life care has created a major crisis in the widening grey zone between life and death for doctors, lawyers and families. The NDE and OBE phenomena's have also been re-investigated by medicine and science. DEATH: If our spirit/consciousness leaves us when we die, what happens if we are successfully resuscitated/brought back from death? Together we will discuss the very latest fascinating research, into both dying and death.
